Tony, Jennifer - Those boulders are not part of the upcoming Hairball project. I believe they were installed by our Operations or perhaps added to the Potrero project as they look like the same boulders that are in the median on Potrero.

Ramon – Were any boulders added to the Potrero project to be placed under the freeway onramps at the Hairball?

Thanks,
David

David-

FYI. When is the hairball being installed?

Media inquiry below.

Hi Tony,

John Thomas suggested I reach out to you:

I have a deadline media query regarding the boulders installed under overpass at Cesar Chavez and Potrero.

Can you help answer a few questions, including status (are there more coming?), cost and design?

Thanks,

Jennifer Blot
